Introduction

It is in the public interest for AAT to be satisfied that applicants for a licence demonstrate technical competence, adhere to practice assurance standards, and demonstrate their status as a fit and proper person to hold a licence. Associate members, full members and fellow members providing self-employed accountancy and/or bookkeeping services to clients must hold a licence.

Scope and applicability

1. Only AAT associate members, full and fellow members may apply for a licence. AAT does not grant licences to student members unless they also hold associate membership. Student members who hold associate membership may provide services only in accordance with those only those services which that status allows.

Purpose and objectives

2. This policy sets out the terms upon which AAT will grant a licence.

Terms and definitions

3. The website is the definitive guide to all policies currently in force. All terms in italics, save titles of publications, are interpreted in the *AAT Glossary* which supports the entire policy framework.
